President Draws Biggest Throngs In New England

Dirksen Backs More Security For Presidents

WASHINGTON (AP) — Senate Republican Leader Everett M. Dirksen today backed Democratic Leader Mike Mansfield's proposal to give legislation on presidential security top priority when Congress reconvenes in January.

Dirksen said in an interview that quick action in the waning days of this session on a single bill to make it a federal crime to assassinate a president or vice president "might mean we would have to do our work all over again" next year.

Deficiencies Cited

A White House committee on presidential safety — set up Monday to consider the broad recommendations of the Warren Commission — plans to get started soon on drafting proposals for congressional action early in the new session.

In its report the commission said there were deficiencies in Secret Service preparedness for President John F. Kennedy's visit to Dallas. The commission called for "complete overhaul" of the service's advance detection practices and closer liaison with the FBI and other agencies.

Mansfield said that new security measures should be "one of the first orders of business" when Congress reconvenes.

Mansfield called Sunday for consideration by Congress of new security measures before adjournment.

Candidates Included

But he told reporters Monday it is "perhaps too late" to act on any measures at this session and broad legislative action to strengthen governmental agencies should be put off until the White House committee reports.

Several bills to make it a federal crime to kill a president or vice president are pending before the Senate Judiciary Committee, which meets today.

The committee may act on another bill — introduced by Mansfield and Dirksen — to provide Secret Service protection for the Republican presidential nominee, Sen. Barry Goldwater, and for the Republican and Democratic vice-presidential candidates, Rep. William E. Miller and Sen. Hubert H. Humphrey.

The legislation, if enacted, would extend such protection to all future candidates for those offices.

Football Betting Racket Smashed In Atlanta, Ga.

ATLANTA, Ga. (AP) — Two police detectives patted their way past two large German shepherd dogs into what they termed one of the largest football bookmaking operations they had ever seen.

Detectives J. R. Weldon and H. S. Wayne said Monday they found the dogs guarding a house surrounded by an eight-foot chain-link fence topped with barbed wire. However, they said the gate was open.

After pacifying the animals the officers entered the house and arrested C. D. Young, 44, and his wife, Joan Maxine, 29.

The officers said they seized 20 sheets of betting notations. They said one sheet had bets totaling more than \$4,000 with individual bets ranging from \$55 to \$2,750. The Youngs were charged with operating a lottery.

Staebler And Romney Take Campaign Trail

By The Associated Press

Republican Gov. George Romney and Democratic Rep. Neil Staebler beat state bushes today in search of votes for the Nov. 3 election.

Romney concentrated his efforts in the Ann Arbor-Jackson-Ypsilanti area, while his reelection opponent, Staebler, worked in Grand Rapids and Kent County.

Romney was to start his day with a hand-shaking call at the gates of the Ford Motor Co. plant in Rawsonville, to Jackson for a television show and back to Ann Arbor for a noon speech at a University of Michigan student rally in Hill Auditorium.

Then he was scheduled for six different appearances at functions on the Eastern Michigan University campus at Ypsilanti.

Staebler had plant-gate hand-shaking on his morning schedule in Grand Rapids. In the afternoon he was to address the Michigan License Beverage Association convention there.

He was due to fly back to Detroit tonight for a Hamtramck reception honoring himself and his running mate for Lieutenant governor, Robert Derengoski.

Former Gov. G. Mennen Williams and Lt. Gov. T. John Lesinski were to be co-hosts.

From Hamtramck, Staebler was to fly back to Grand Rapids for another day of Kent County campaigning Wednesday.

Ragged Villagers Protest Against Floods In India

NEW DELHI, India (AP) — About 2,000 ragged villagers streamed into New Delhi today and staged a screaming protest against government failure to cope with floods that have ravaged vast regions of north India.

Grizzled old men with canes, women carrying babies, children running to keep up, they swarmed through the capital's main business district, clogging traffic and sweeping aside pedestrians.

The monsoon floods have left six million people homeless and covered hundreds of thousands of acres of badly needed crops.

Castro Says Cuba Will Pay Debts Of 2.5 Billion

HAVANA (AP) — Fidel Castro says the Cuban government which owes an estimated \$2.5 billion, "will make any sacrifice before failing to pay a single cent."

"If we ask the people if they prefer a hard year and pay our debts, or fail to pay, we know the people prefer to pay," he told a crowd in Havana's Revolutionary Square Monday night.

Castro blamed the sharp drop in world sugar prices for the lack of foreign exchange which has forced Cuba to curtail imports.

Local Demands Are Taken Up By GM Bargainers

DETROIT (AP) — Hopes for an early settlement of a nationwide strike by the United Auto Workers union against General Motors hinged today on resolving some 17,000 local at-the-plant demands.

With some progress reported at the bargaining table, negotiators for both sides indicated that settlement of the local problems was equally as important to ending the walkout as an agreement on a national contract.

The UAW struck the world's No. 1 automaker Friday when no settlement was forthcoming on the union's non-economic demands covering working conditions, union representation, production quotas and similar issues.

Production of GM's shiny new 1965 models has been halted by the walkout of about a quarter-million workers.

UAW members stayed on the job at the company's plants which supply parts and access-

ories to its chief competitors — Ford and Chrysler.

The union already has secured new national contracts from both Ford and Chrysler calling for higher pensions as an early retirement incentive, longer vacations, extra holidays and other improvements.

A similar economic package has been offered by GM, but the UAW insisted it wanted non-economic improvements as well.

UAW President Walter Reuther and GM Vice President Louis Seaton, who heads the company's bargaining team, told separate news conferences that progress was made in negotiation sessions Monday.

"We did resolve a couple of things, and made some progress," said Seaton. But he said that they "were not earthshaking."

Reuther said he had found the atmosphere at the bargaining table encouraging.

Johnson Makes Strong Appeal For GOP Votes

WASHINGTON (AP) — President Johnson, responding to wildly enthusiastic receptions in often-Republican sections of New England, has pictured himself as topping Barry Goldwater in support of GOP programs during the Eisenhower administration.

Johnson made this claim part of a concerted appeal for Republican votes during a 20-hour tour of the six New England states. This journey was capped early today by a visit to the Boston bedside of Sen. Edward M. Kennedy, D-Mass., who is recuperating from an airplane crash injuries.

Fingernails Cut Hand

The President, who saw several hundred thousand cheering well-wishers during the trip, returned to the White House at 4:22 a.m. with a cut hand, a hoarse throat and a good feeling about his reception in the far northeastern corner of the nation.

Johnson's hand was cut by the fingernails of well-wishers who grabbed for it during the chief executive's repeated forays into surging, roaring crowds. The throat was hoarsened by five formal speeches and at least two dozen impromptu talks.

The New England tour definitely was in the political category, despite appearances at a couple of nonpolitical functions. This afternoon Johnson will hit the trail again — this time making an official flight to the Omaha headquarters of the Strategic Air Command with Manlio Brosio, the new secretary-general of the North Atlantic Treaty Organization.

Johnson, in picturing himself as a better-than-Goldwater supporter of Republican programs during the administration of President Dwight D. Eisenhower, referred directly to his GOP rival for the first time during the campaign.

Continues With Bombs

Facing chanting supporters at the Burlington, Vt., airport, Johnson ad-libbed that when he was Senate Democratic leader, he "supported the Republican president and the Republican party and the Republican program more . . . than my opponent in this race."

Later, addressing editors of weekly newspapers at Manchester, N.H., the President made another off-the-cuff reference to Goldwater — this time by name.

Johnson said that Goldwater, former Vice President Richard M. Nixon and New York Gov. Nelson A. Rockefeller "have all suggested at one point or another the wisdom and possibility of going north in Viet Nam."

Johnson said: "I want to be very cautious in dropping bombs that would involve our boys in Asia with 700 million Chinese. We're not going north and drop bombs at this stage of the game and we're not going south and run out and let the Communists take over."

The President went on to say that it's easier to start a war than stop one, adding, "I know some folks I think would start one mighty easy."

Officers Given Stars In Saigon

SAIGON, Viet Nam (AP) — Gen. William C. Westmoreland, commander of U.S. forces in South Viet Nam, pinned Bronze Star decorations on two American Army officers today for their roles in preventing bloodshed between Vietnamese government forces and mountain tribesmen who rebelled Sept. 19.

Westmoreland said each had done a magnificent job in serving as a communications link between the Vietnamese government and the rebels at the Buon Sar Pa camp, about 160 miles north of Saigon.

Decorated were Col. John H. Freund of Scarsdale, N.Y., and Vienna, Va., deputy senior advisor to the Vietnamese Army's 2nd Corps, and Lt. Col. Irving R. Wendt of Milan, Mich., whose wife lives at Anniston, Ala.

Wildcat Strike At Ford Banned

CLEVELAND (AP) — Officials of the United Auto Workers ordered an immediate end Monday to a wildcat strike by UAW Local 1250 at three Ford Motor Co. plants in suburban Brook Park.

A telegram Alfred R. Granakis, Local 1250 president, received from UAW headquarters in Detroit said:

"Continuation of the wildcat strike at the engine and foundry plants is sabotaging the General Motors' strike and is jeopardizing our ability to satisfactorily reach a settlement for workers who are legally on strike against GM."

"We urge you to support your union by ignoring the unauthorized picket line and to return to work immediately."

Sunday some 60 per cent of more than 600 union members at a meeting voted to continue the walkout over the authority of their local officers.

More than 7,900 union members have been idled by the strike, which began early Friday in a dispute over the suspension of a union committee-man accused of violating company rules.

Warning Given On Expansion Of Viet Nam War

TOKYO (AP) — A top State Department official warned the North Vietnamese and Chinese Communists today against increasing their pressure on South Viet Nam. He said they may force the United States to expand the war outside South Viet Nam.

William P. Bundy, assistant secretary of state for Far Eastern affairs, told the Research Institute of Japan:

"Expansion of the war outside South Viet Nam, while not a course we want or seek, could be forced upon us by the increased external pressures of the Communists, including a rising scale of infiltration."

Bundy did not say how the war might be extended. But a high American source said earlier in Tokyo that the United States has considered the possibility of bombing infiltration bases in North Viet Nam and neighboring Laos.

"We do not aim at overthrowing the Communist regime of North Viet Nam but rather at

inducing it to call off the war it directs and supports in South Viet Nam," Bundy said.

He warned if South Viet Nam falls under Red control, the rest of Southeast Asia would face similar danger and eventually India, Australia and Japan could be swallowed up.

"If Hanoi and Peking prevail in Viet Nam in this key test of the new Communist tactics of 'wars of national liberation,' then the Communists will use this technique with growing frequency elsewhere in Asia, Africa and Latin America," he declared.

Communist China in turn warned the United States it will "pay dearly" if it ventures across the frontier into North Viet Nam.

"The Chinese government and people again warn the Johnson administration to stop immediately the rash playing with fire," said Peking radio. "If it still plans to carry out enlargement of its war adventure, it will pay dearly for this dangerous adventure."

California Fire Areas Reseeded

SANTA BARBARA, Calif. (AP) — Forestry workers took on a king-size gardening job today — reseeding 78,000 mountainous acres of watershed burned in the disastrous 8-day Santa Barbara brush fire.

More than 2,000 firefighters

remained on the lines today, mopping up mile-high trouble spots in remote back country.

Flood-control officials fear a massive ooze of mud will develop if the denuded hills are not supplied with ground cover before it rains.

The U. S. Forest Service said it hoped to completely contain the blaze by 10 a. m., Wednesday. Full control was predicted for 6 p. m., Thursday.

Sen. Thomas H. Kuchel, R-Calif., told Santa Barbara County supervisors Monday he will seek \$860,000 in emergency funds to build 10 debris basins in the burned area.

Eleven of the 46 men injured in the blaze still were hospitalized with burns, sprains or cuts. One fireman was killed and 78 homes burned in Santa Barbara and suburban Montecito.

Fire authorities said the children might have been saved if the mother had summoned help immediately instead of trying to battle the flames herself.

Another child, 19-month-old Alan Spooner, was in critical condition at Memorial Hospital with extensive burns.

The mother, Kathleen Spooner, 27, and the seven members of the Arthur Powell family which occupied the other half of the three-story frame structure were not hurt seriously.

The victims were Virginia Spooner, 7, her sister, Patricia, 2, and her brother, Peter, 4.

Their father, Roger, a sailor, was reported serving aboard a submarine en route to England.

Emperor Travels

VIENNA, Austria (AP) — Ethiopian Emperor Haile Selassie left Bucharest, Romania, for Belgrade, Yugoslavia, today after signing a communique with Romanian President and Communist party chief Gheorghe Gheorghiu-Dej calling for preservation of world peace.

The Romanian News Agency said Gheorghiu-Dej accepted an invitation to visit Ethiopia. The date of the visit was not announced.

The Republican presidential nominee rolled into Ohio aboard a 17-car campaign special to make at Marietta the first of 35 speeches scheduled on his five-day, three-state swing after saying the GOP ticket probably will remain the underdog through the whole campaign.

He keynoted it by accusing President Johnson of seeking election with taxpayers' money.

As he prepared for his fourth week of campaigning, Goldwater said he already has former Vice President Nixon in mind as the chief foreign affairs official of a new Republican administration.

New Cafeteria Bars Negroes

ATLANTA, Ga. (AP) — A contempt proceeding brought against Lester Maddox after he refused to serve Negroes at a newly opened cafeteria was called a mistake by the Atlanta segregationist.

Maddox, enjoined from operating a segregated restaurant, opened a cafeteria in the same building Saturday. He barred four Negroes from the cafeteria Monday, the same Negroes he refused to serve at the Pickrick Restaurant.

U.S. Dist. Judge Frank A. Hooper signed an order a few hours after the incident, requiring Maddox to appear Oct. 2 and show cause why he should not be held in contempt.

"I think it is a mistake on the part of civil rights agitators and their attorneys," Maddox said of the contempt proceedings.

"The Lester Maddox Cafeteria is not an agent of Pickrick, Inc.," Maddox said. "The cafeteria has signs saying we do not offer service to interstate travelers. We removed Pickrick signs from the highway."

"I don't see any connection between the Lester Maddox Cafeteria and Pickrick, Inc., which was involved in the court decision."

"We just don't serve integrationists, whether they are black, yellow or white."

Two Noa Home Chapels Created By Thomas Smith

The Bishop Noa Home for Senior Citizens in Escanaba has two chapels. One, at the front part of the addition constructed on the east side of the former Delta Hotel when it was converted to a home for the aged, is a non-denominational chapel.

It has a 7-branched candelabra for the Menorah of Judaism and a walnut cross and simple altar with large candlesticks for Protestant services. The walls are bone color and adorned with a cloth behind the Menorah, and with a relief rendition of the Last Supper. The carpeting is beige, like that in the Catholic chapel behind it.

The chairs and long eais are in walnut with a bone-colored fabric that also sets the color for the window drapes. The arrangement is informal, so that the chapel may be used for counseling and other purposes besides religious services.

Thomas Smith, Escanaba artist, designed both chapels and his work is more dramatic in the Chapel of St. Catherine of Sienna, which memorializes the late Mrs. Catherine Bonifas, because it is the larger of the two, seating 60 easily on its two rows of small pews, or accommodating a hundred if the congregation is seated three to a pew.

The walls are off white, the pews are light oak, and the decorative materials are walnut and aluminum. Three lighted stained glass panels on each side wall are the only competition for the altar's attention.

Council To Meet Here On Thursday

The Escanaba City Council will meet at 8 p. m. Thursday in the City Hall. The agenda, prepared by City Manager George Harvey, includes:

Opening of bids to supply the city with a trailer-mounted double-diaphragm pump; report of progress on the capital improvement program.

Appointment of an administrative official and an employee representative to attend the annual meeting of the Retirement Board in Lansing on Oct. 20.

Harvest Auction Set For Oct. 10

FAYETTE—The 17th annual Lord's Acre sale sponsored by the Congregational Church will be held on Saturday, Oct. 10.

Combining the elements of the Christian custom of "the Lord's acre" or tithing and the fun of an old-fashioned auction sale, the event annually attracts many visitors.

A harvest luncheon will be served at the little white Congregational Church beginning at 11:30 a. m., and the auction will get under way an hour later at the Fairbanks Township Hall nearby. The public is invited to both events.

The church, built in 1900, is located one and one-half miles south of Fayette State Park.

Boys Must Be 17 Before They May Hunt Alone

When should boys be allowed to own a gun and when can they be allowed to hunt alone? The law says they must be 17 years of age before they can go into the woods with a gun and without a guardian. A guardian is anyone over 17 years of age but designated or ok'd by the parent. This law is intended for safety's sake alone, reports the Conservation Department.

It's ok too, for a boy to own a gun at any age—and he should also be allowed to shoot it—but only under supervision until he reaches 17 years of age. The parent who allows a boy under 17 years of age to hunt alone or with others who are under age is asking for real trouble.

The majority of firearm accidents happening to school age boys today are to those under 17 years of age who are out hunting without supervision by a responsible person over 17 years of age.

Lock up your guns so that younger children cannot get at them when you are not around, the Department suggests.

Sunday Schools Fall Term Will Begin Oct. 4

ROCK—Sunday schools at the Bethany Lutheran church, Perkins and the Faith Lutheran church, Rock, will begin the fall term Sunday, Oct. 4, with new lessons and reorganized staff. The Bethany school meets at 9:15 a. m. and the Faith at 10:15 a. m.

Staff at the Bethany Church is headed by Mrs. Doris Johnson, superintendent. At the Faith Church Donald Seppanen is superintendent.

Both schools will use the Concordia series of Sunday School lessons in their nursery departments with the Augsburg Uniform Series in the Primary and Junior departments.

In addition, Pastor William S. Avery, will teach the new Lutheran Church in America weekday series for catechetical students every other Saturday morning in the Rock church.

Thousand Youth In Delta's 4-H

Thirty-five years ago the 4-H program was different than it is today, as it celebrates National 4-H Week.

The Four H's still stand for Head - Heart - Hands - and Health. The motto has not changed from "To make the best better." The changes reflect our changing way of life.

When the 4-H program was started in Delta County club members very seldom had a chance to become acquainted with other members living only a few miles down the road in a neighboring community. The 4-H leader had to go by the project book in getting 4-H members to complete requirements of a given project. Emphasis was placed on the project, in fact the whole program dealt with projects and very little else.

The variety of projects was limited to strictly agriculture and home making. The common projects were dairy, potatoes, vegetable gardening, and handicraft for boys; sewing, canning, and cooking for girls.

As 4-H club work grew and more experience gathered, new things were added to the program. The camping experience was one of the first additions to the program. This gave boys and girls an opportunity to exchange ideas and to enter into competition contests. Judging projects and giving demonstrations on approved methods of doing things were a part of the program in 4-H camps.

With modern transportation and consolidation of schools, changes had to be made in the 4-H program. We now had youngsters with a wider range of interests. As a result several projects in conservation and forestry were added, also projects in family living.

Following World War II another look was taken at the overall 4-H program. Change was made to place more emphasis on citizenship and less emphasis on the project. The project is now a part of the total program along with many other experiences.

The 4-H program with its broad aspects now serves youth regardless of where they live. It no longer is a youth program for rural boys and girls.

The Delta 4-H program has 1,000 boys and girls enrolled as members, plus 175 adult leaders and 80 junior leaders. It has grown steadily in enrollment, from 700 youth in 1962 to 750 in 1963. It is now engaged in its fall and winter program of projects, which number 53, having completed its summer program, which exhibited its work at the U.P. State Fair.

With modern transportation and consolidation of schools, changes had to be made in the 4-H program. We now had youngsters with a wider range of interests. As a result several projects in conservation and forestry were added, also projects in family living.

Following World War II another look was taken at the overall 4-H program. Change was made to place more emphasis on citizenship and less emphasis on the project. The project is now a part of the total program along with many other experiences.

The 4-H program with its broad aspects now serves youth regardless of where they live. It no longer is a youth program for rural boys and girls.

The Delta 4-H program has 1,000 boys and girls enrolled as members, plus 175 adult leaders and 80 junior leaders. It has grown steadily in enrollment, from 700 youth in 1962 to 750 in 1963. It is now engaged in its fall and winter program of projects, which number 53, having completed its summer program, which exhibited its work at the U.P. State Fair.

As 4-H club work grew and more experience gathered, new things were added to the program. The camping experience was one of the first additions to the program. This gave boys and girls an opportunity to exchange ideas and to enter into competition contests. Judging projects and giving demonstrations on approved methods of doing things were a part of the program in 4-H camps.

Tourist Assn. Quits Marquette For Iron Mt.

Members of the Upper Michigan Tourist Assn. Monday night adopted a change in the organization's by-laws which in effect endorsed study committee's selection of Iron Mountain as the site for UMTA's headquarters office operations.

The move from Marquette is to be effective "on or about April 15, 1965," according to the wording of a resolution committee motion proposing the by-laws change at UMTA's annual meeting in the Northland Hotel, Marquette.

Marquette has been the headquarters site for the Association since its formation in 1960 and for its predecessor, the Upper Peninsula Development Bureau, for about 40 years previously.

The Iron Mountain - Kingsford Chamber of Commerce is constructing a building to house its own operations and also to provide space for the Upper Michigan Tourist Association.

The change of headquarters site for the Association followed an offer from the City of Escanaba to erect an Escanaba-made Timber Home building for the Association on a site on heavily tourist-traveled U.S. 2-41.

Escanaba proposed to charge a rental that would cover the bare cost of amortizing the investment in the headquarters building. Iron Mountain's Chamber of Commerce topped this with an offer to the UMTA committee studying the headquarters situation of cost-free quarters in its new building, being constructed with volunteer community resources.

The change from Marquette to Iron Mountain at UMTA's annual meeting Monday was made with acceptance of the motion of Lawrence Rubin, secretary of the Mackinac Bridge Authority, for the change in UMTA by-laws.

There was no formal motion on the change recommended by the study committee. The difficulties of financing the UMTA appear a strong motivation for the change. If it can save the cost of its annual expenditure for housing it can, presumably, expend the saving on its effort to promote Upper Peninsula tourist travel. UMTA is one of the four regional tourist associations in Michigan subsidized with state funds by the Michigan Tourist Council.

SPiritual healing will be the subject of a public talk at 8 p.m. Friday, Oct. 2, in the Christian Science Society's church edifice, 325 S. 13th St., by Florence C. She has been an authorized teacher and practitioner of Christian Science for several years and was formerly assistant manager of a Florida business firm, which she left to devote full time to her religion.

Ensign Club Meets Wednesday

ENSIGN — Town and Country Home Economics Club will meet Wednesday, Sept. 30, at 8 p.m. at the home of Mrs. Royce Gustafson. The first lesson of the season will be "Floor Coverings, Their Selection and Care." Mrs. Charles Bowen, club president, attended the Home Extension leader's lesson in Escanaba Sept. 24. Ingrid Tervonen, Delta County's home economist, directs the lesson studies.

Negroes first participated in a presidential inaugural parade at the second inauguration of President Lincoln.

Four Named To Kennedy School Advisory Board

Four Escanaba men have accepted positions on a newly created Advisory School Board for the John F. Kennedy School for Retarded Children and will aid the Retarded Children's Association in the operation of the new school.

Richard Rinehart, president of the Bay de Noc Community College, was chosen for his interest in education at all levels. Frank Waitrovich, Escanaba branch supervisor for the U. P. Child Guidance Clinic, was chosen because of his ability to evaluate needs of retarded children.

Atty. Arthur A. Neiman of Hensley and Neiman was chosen for his ability to advise on legal matters.

Donald P. Moreau, exchange repair foreman for Michigan Bell Telephone Co., was chosen to represent the interest of the community.

The new Advisory Board will meet this evening at 7:30 at the Kennedy School for a get acquainted party with directors of the Association and learn of the problems of operating a school solely by charities.

The new school, a second project of Project Pride and community effort, opened its doors on Sept. 9 with an enrollment of 15 children and now has applications for more children. More children are being advised to enroll at the Kennedy School, the Association reports, but until such a time as funds are available to hire a teacher aide, these children must wait.

The Retarded Children's Association will work with the Delta United Fund in its drive for \$50,000 starting Oct. 15 and has been allotted approximately one half of the funds needed to operate throughout the coming year. The rest must come from charities of individuals and organizations.

The Exchange Club is planning an auction at the State Fair Grounds on Oct. 3-4; the proceeds of which will be used for equipment and operation of the new school. This project has the approval of the Association and the public is urged to cooperate with the Exchange Club to make the venture a success.

Jr. Achievement Meet Wed.

George S. Douglas, president of the board of directors of Escanaba Junior Achievement today announced a district meeting will be held in the Escanaba Chamber of Commerce building from 10 a. m. to 4 p. m. Wednesday. Delegates from Hibbing, Minn., Marquette, Kingsford-Iron Mountain and Escanaba will attend.

John Maggione of Junior Achievement, Inc., St. Louis, Mo., will conduct the meeting. The district meeting is for directors and program managers, said Douglas.

"As Escanaba is the host city, we hope that every member of the board of Junior Achievement of Escanaba will attend this meeting, if only for an hour or so," said Douglas. The group will meet for lunch at the House of Ludington Wednesday noon.

Episcopal Club Board Plans Meeting

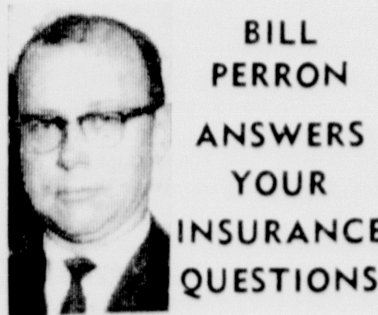

Social directors, Mr. and Mrs. Edward Hurley, met last night with their executive board of the Episcopal Club at the home of Mr. and Mrs. Charles J. Byrns. Plans were made for the next meeting which will be held Oct. 24, at 8 p. m. in the parish hall.

Committees for the month include: decorations, Mr. and Mrs. Norman Arntzen, Clyde Anderson; games and prizes, Mr. and Mrs. E. L. Pohl, Mr. and Mrs. Vernon Ihlenfeldt; refreshments, Mr. and Mrs. James Hall Kent, Mr. and Mrs. Charles J. Byrns.

All members are urged to read their Oct. 3 Bulletin for further details. The next meeting of the executive board will be held at the home of Mr. and Mrs. James Hall Kent Oct. 14.

President Truman officially proclaimed the end of World War II on Dec. 31, 1946.

The Warren Report

The Warren Commission has reported on the assassination of President Kennedy and criticized the Secret Service, the Federal Bureau of Investigation (FBI), the Dallas police and the news media.

The commission was composed of representatives of both houses of Congress, and all three branches of government and capped with the chairmanship of Chief Justice Earl Warren of the U. S. Supreme Court, for whom it is named. His selection was criticized in some corners of the bar because any case coming before the nation's highest court as result of the assassination would find him disqualified.

Many persons saw in the report what they wanted to see. Dallas, reports the AP regarded the report as a verdict of innocent for the city where President Kennedy was killed. But there were big hate advertisements published there in connection with his visit to the city on his fatal tour.

Abroad, a venal press and government propaganda discounted the findings of the commission in some countries. Although Secretary of State Dean Rusk told the commission that he knew of "no scrap of evidence indicating that the Soviet Union" wanted to eliminate President Kennedy, the report was denounced by the controlled Communist press.

The Communist press uses its power for propaganda purposes. Russia chooses to try to make her people believe that Americans are suppressed and hate their rulers, so it served her purpose to explain the assassination as a plot. That the Warren Commission immensely documented Lee Harvey Oswald's gunning down of the President as a crazed loner's action mattered not at all to the Soviet government. It was never looking for the facts, only using the incident for its own purposes.

For much of the European press, it was just too simple an explanation that a lone misanthrope had killed a President. It was much more titillating and provocative to suggest that it was the result of a plot. This is in keeping with the regard for "news" as a fabrication designed to fascinate, rather than a report on the truth, as nearly as it can be determined.

For "a great deal of misinformation disseminated to a worldwide audience" by the press, radio and television, the commission criticized police and press alike. This criticism is proper, but it will be idle unless the public takes to heart its implications. Apart from the factual errors, which may have resulted from hasty efforts to explain the assassination before it had been unraveled, there were the elements of very bad taste, which led directly to the exposure of Oswald to a crowd and his slaying by Jack Ruby.

The public sets the standard for reporting by its patronage to a degree and public prurience penalizes the units of the mass media which lead the effort for the ethical standards recommended by the Warren Commission. ABC proved this with programming of TV crime shows.

The Warren Commission urged that the murder of a President or Vice President be made a federal crime. This should be done at once. All Presidents live under the sword, in fear of assassination, which is often near, and the surety of federal investigative and judicial process should be their's for whatever small protection it may bring.

Both the Secret Service and FBI bumbled and need tightening up in the work of protecting the President. When the nation was exposed to the Roman circus of the Ruby trial in Dallas it had the clue to the bad police work there. The Secret Service, a sort of American myth of valor and omniscience, was revealed not to have checked any of the buildings on the motorcade route.

The FBI didn't tell the Secret Service that Oswald, a defector to Russia and pro-Castro agitator, was in Dallas. If they had all performed perfectly it still might have happened, but this way there's guilt in failure to have done all possible to protect the President.

On the day of his death President Kennedy said that if anyone really wanted to kill the President there was no protection against a sniper with a scope rifle on a high building. And that's how death came. One twisted mind, plus one cheap mail order rifle and President Kennedy was dead on arrival at the hospital, shot twice.

The Warren Commission report is another strong reminder of the wages of hate.

"We Came to Investigate You!"

Washington Comment

By BRUCE BLOSSAT
WASHINGTON — (NEA) — True professionals in politics cannot resist appraising their opponents' campaigns, and 1964 is no exception.

Listen first to what the Democrats are saying about the Republicans. A little later we can try the view the other way.

Experienced Democratic hands say they think Sen. Barry Goldwater's whole campaign effort should have been keyed to his conservative ideology and to positive programs flowing therefrom.

To the extent he and his running mate have chosen instead to bombard President Lyndon Johnson, Democrats contend Goldwater is "out of character" and losing the "main thrust" he needs for an effective fight.

Says one Democratic manager:

"Goldwater should have found an affirmative tone and kept it. If I were he, I would

have developed one or more of his stated positions—his five-year tax cut plan or major revision of the United Nations or something like that—and held to it.

"But once you abandon your positive approach, it is almost impossible to get it back in the few weeks left to a campaign."

The Democrats' reasoning is that it is Goldwater's conservatism that makes his candidacy unique, and that inevitably has to be his best hope of election. The wish to test conservation's appeal to the broad electorate was presumably one of the big factors in Goldwater's nomination.

Another Democratic comment:

"Instead of doing this, Goldwater has fallen back on a typically negative Republican assault. The attack now is on President Johnson. But it fits the old Republican pattern—all Democrats are sinners and don't deserve to hold office."

In the Democratic camp, one notion, too, is that at some points in his attack on the President, Goldwater simply calls attention to his own problems.

As an example, Goldwater's own people acknowledge that the image of him as "trigger-happy" is one of their greatest stumbling blocks in this campaign. When the President ordered air strikes against North Vietnam after the first attacks on U. S. naval vessels in the Gulf of Tonkin, the senator applied "trigger-happy" to him. "You don't try to transfer your stereotypes—like 'trigger-happy'—to the other fellow," says one Democrat in cold appraisal. "It simply reminds people that, basically, they are yours."

One of the President's men insists that Goldwater's swing through the Deep South, for all its triumphal aspects, was measured by crowd sizes, was a strong illustration of his dependency on negative campaigning. Add this man:

"I could have written him a dozen speeches that would have done him more good in the South than the ones he delivered."

The argument here was that Goldwater not only kept up "unprofitable" assault on Johnson, but relied on such "tired, discredited" issues as states' rights in his southern appeals.

Says the same Johnson aide: "States' rights as an issue still goes well in the South for candidates seeking office as state legislators or similar jobs. But at the higher levels, the governorship or posts in Congress, it tends nowadays to be an issue embraced by losers."

The net of it, from the Democratic side, is that in a campaign where much of the evidence suggests voters want to hear what Barry Goldwater has to say about himself and his proposals, he is spending most of his time talking about his rival in the White House—without making a serious dent thus far.

ALIBI FOR THAT RAP
MEMPHIS (AP)—The headquarters of a national motel chain received this letter recently: "Dear Friends: I don't know why I keep getting this motel bill. If you check at the Lancaster County Prison, Lancaster, Pa., you will find I was there at the time I was never in none of your motels." The matter was dropped.

SOMEBODY GOOFED

A news item in the Escanaba Daily Press Monday, Sept. 21, has the headline: "Fewer Grouse for Fall Hunt." Joe Vogt, game biologist said that fewer birds than last year are indicated in the area. The area includes Delta and Marquette counties and the west half of Alger County. Those of us who spend some time in the forest, and rivers and lakes certainly can testify to the absence of grouse.

However, a news item in the Escanaba Daily Press for Tuesday, Sept. 22, carries the headline, "Hunting Opener Prospects Good," and the story goes on to say: Among those should find things to their liking are Upper Peninsula ruffed grouse hunters. With "pat" numbers up in their region they are expected to top last year's take of 195,000 birds."

How can the "pat" population be down on Monday, and up on Tuesday? This is the type of publicity that brings one to feel that the Game Division, know very little about the situation. And as I have commented before now the figures released by the Game Division are suspect. Neither the game managers or the public can verify these figures, and of course since they cannot be verified they cannot be denied. One may however be excused if one feels that the figures are a lot of hooy.

I have always suspected the figures the Department releases on the deer kill. I will continue to suspect these figures until the Department provides that every hunter shall register the deer he kills. Then and then only can one get a true picture of the deer kill. The figures now released about the bird kill and the deer kill are no more than wishful thinking on the part of the game managers.

Karl J. Hammar

(Editor's note: The first article was of Press staff origin about the local area after reference to local specialists of the Conservation Department; the second was a report from the Conservation Department on general hunt prospects in Northern Michigan. They were not in substantial disagreement; although that old bugaboo, the headlines, were varied.)

State Briefs Ann Landers

GREENVILLE (AP) — Completion is expected early in 1965 on the new \$280,000 National Guard Armory now under construction here. The multipurpose structure will embrace some 25 rooms and also provides a 1,000-foot outdoor rifle range.

GRAND RAPIDS (AP)—Funeral services will be held here Wednesday for R. Wade Willey, 56, vice president of Kirkhof Manufacturing Corp. since 1962, who died Sunday while undergoing heart surgery. Willey was a former vice president of Revco, Inc., at Deerfield, had served 19 years as works manager of the Kelvinator Plant here and once was vice president and works manager at the Whirlpool Corp., Clyde Porelain Steel Division in Clyde, Ohio.

Youth's Suit Asks \$500,000

MUSKEGON (AP) — Damage suits totaling \$500,000 were filed at circuit court here Monday in behalf of a former Muskegon High School youth disabled Oct. 13, 1961, in a varsity football game.

Named defendants were John T. Ridell, Inc., of Chicago; Jones Electric Co. and Damm Hardware of Muskegon, and VanderVoort Hardware Co. of Lansing. The Ridell firm designs, manufacturers and sells sports equipment. The others are retail distributors.

One suit, for \$400,000, was filed for Edwin A. Wittkopp, 19, by his father, Bernard E. Wittkopp.

It alleges that a helmet manufactured by the Chicago firm was "inadequate" and that no warning was given relating to proper fitting and adjustment of the protective headgear.

The elder Wittkopp asks another \$100,000 for "great expense for medical care, treatment and rehabilitation" and the "extraordinary expense" involved in rearing his son.

The youth was injured while making a tackle in a game against Grand Haven High School. He required neurosurgery, was in a coma for some time and still remains confined to a wheelchair or his bed.

Through benefit events by Grand Haven students, his own former classmates, area service and fraternal organizations a fund of nearly \$15,000 was built at one time to help defray medical expenses.

A spokesman for the legal firm handling the suit said the three distributors are involved only "in a technical sense."

She Must Have Extra-Pep Gland

Dear Ann Landers: I just read the letter from the woman who was mad at her husband because he started to paint the inside of the house two years ago and hasn't finished the job yet. What is the matter with her? Is she a cripple?

We live on a farm. There are 10 rooms in our house and I painted every one of them. I also painted the outside of the house. I puttied and repaired the broken windows and put a tile floor in the bathroom. If the plumbing goes on the bum I can fix it. This fall I think I'll put in a fireplace.

The baby loves to sit on my lap when I drive the tractor. I can work alongside my husband in the field and he says I'm worth two farm hands any old day.

When I hear women complain because their husbands won't repair things around the house it gets my goat. I'm writing this between milking and egg-gathering. It's 6:00 a. m., and I've been up since 5:00. Good morning, Ann! — CORKY

Dear Corky: It may be morning to you, Kiddo, but it's the middle of the night to me. And please turn down the happy voltage. A cheerful woman at 6:00 a. m., is a traitor to her sex.

Congratulations on your extra set of glands. You can thank your ancestors.

Dear Ann Landers: Recently my mother sent away for your booklet, "How To Live With Your Parents." She asked me to read it. Well, I did read it and now I wish you'd write a booklet for parents and call it "How To Live With Your Teen-ager." One thing I wish you'd ask parents is this: Why do they always say, "If you are going to smoke please do it in front of us and not behind our backs?" Then when you take them at their word and try to light a cigarette in front of them they just about take your head off.

You could also ask parents to give their teen-agers a chance to tell their side of a story. Parents say what THEY think, but when the teen-ager tries to present his side he is told not to "talk back."

Thank you for any help you can give us. We need it. — WORLD AGAINST US

Dear World: I have no booklets for parents telling them how to live with their teen-agers, but in one of my books there IS a chapter entitled

"How Well Do You Know Your Teen-ager?"

I pointed out that teen-agers have rights and parents who expect consideration and respect must give it. "Because I said so," is not a good enough answer for a child over 12.

It is unfair of parents to tell teen-agers "we'd prefer that you smoke openly rather than behind our backs," — then raise the roof when they try.

Responsible parents tell their children they may NOT smoke and why.

Dear Ann Landers: A fellow who works in this office took a girl to a church bazaar. He paid \$1 each for their bingo cards. The jumbo jackpot was \$200 dollars. The girl won. When they dumped the money in front of her she handed the fellow a dollar and said, "Gee, thanks. This must be my lucky night."

He was burned up. The office force has mixed feelings. Was the fellow entitled to all the money, half the money or none of the money? — RESERVING JUDGMENT

Dear Judge: The division of potential winnings should have been settled in advance. A good arrangement would have been a 50-50 split in the event either of them won.

If that greedy girl cared for the fellow she lost a great deal more than she won.

"The Bride's Guide," ANN LANDERS' booklet, gives authoritative and complete information on how to plan a wedding. To receive your copy of this comprehensive guide, write to Ann Landers, in care of this newspaper, enclosing a long, self-addressed, stamped envelope and 35c in coin.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, self-addressed envelope.

ROPE STUDY

COLUMBUS, Ohio (AP)—Wire ropes designed to catch a drag hook on planes landing on aircraft carriers are the subject of a year-long study under way at Battelle Memorial Research Institute here.

The ropes occasionally fail despite close inspection and regular replacement. Stresses, including the tremendous initial shock, are being studied to determine what design changes should be made.

The Doctor Says:

Rapid Pulse Cause Given

Q — My daughter, 26, has Wolff-Parkinson-White syndrome and functional hypoglycemia. What causes them and what can be done for them?

A — The W-P-W syndrome is a congenital disorder that is caused by abnormal nervous pathways in the heart. This may cause the victim to have attacks of very rapid pulse. Quinidine or procaine amide have benefited some victims.

That hypoglycemia is caused by an excessive secretion of insulin following meals or emotional stimuli. It makes the victim feel weak and may cause headache, trembling and palpitation of the heart. If your daughter is overweight she should bring her weight down to normal, preferably by cutting out sugars and starches. A carefully controlled dosage of insulin or cortisone may be helpful. Some victims need psychological guidance to stabilize their emotional lives.

Q — Are piles and hemorrhoids the same? Could they cause bleeding after a normal (not constipated) movement? What is the best treatment for piles?

A — They are the same. A hemorrhoid is a varicose vein in the lower intestinal tract or anus. Sometimes if the wall is thin they rupture and cause blood even after a normal movement. The treatment depends on the severity and location. But if they are persistent,

Oranges were cultivated in the Orient as early as 2,200 B.C. Now the world's leading fresh fruit, oranges were introduced to America in 1493 by Christopher Columbus.

Peninsula Told It Must Act To Lure Tourists

MARQUETTE — Promotion of a variety of attractions in "Building for the Future" — theme of the annual conference — were proposed at Monday's opening session of the Upper Michigan Tourist Association.

Members heard both Ken Slater, Hulbert, president, and Ken Dorman, Houghton, secretary-manager, urge a "master plan" of development, then listened to Dr. Robert McIntosh, Michigan State University tourism and resort specialist, endorse their stand and point out that the Upper Peninsula "must be geared" to attract and serve an ever growing recreation market.

McIntosh, estimating that "all cities in the United States will be doubled in size by 1975," urged the U. P. to "get ready" to get its share of the recreation industry.

"We can't assume where that much bigger market will go," he declared. "But if we're going to get our share, we must be ready — we must be geared to attract, satisfy and inspire our recreation customers."

He pointed out that many people have no conception "of what we have in Michigan," implying that an even bigger job of promotion will have to be done to attract visitors when the nation's population increases to an estimated 400 million between 1970 and 1975.

Project Image

To help tourist industry leaders project the "image" of Upper Michigan to people in metropolitan areas, to provide educational opportunities for resort owners and proprietors to learn how to better serve visitors, McIntosh said Michigan State University hopes to expand its resort and tourist staff to 15 by 1970.

In projecting the recreation "image" of Upper Michigan, Dorman called for greater financial support of the Tourist Association, along with stronger Chamber of Commerce leadership working in cooperation with the regional agency.

"If businessmen of the Upper Peninsula would follow through with the promises (of support) that were made in 1960," he said, "I will guaran-

tee that in 10 year's time there will not be a person in the United States who will not know where the U. P. is, what its scenic attractions are and what it offers visitors."

He emphasized that no community "can go it alone" — that the Upper Peninsula has a regional product, that when people go on vacation they want a variety of attractions.

Projects Suggested

The 300th anniversaries of many important happenings in the U. P. will be coming up within the next few years, he said, urging the association to get behind the "Route of the Voyageurs" project to be launched next year.

He suggested marking of additional historical points and development of recreational attractions and facilities near them. He specifically listed restoration of the picturesque village of Fayette, construction of a complete Indian village, establishment of a theater museum in Calumet, restoration of the old Jackson iron forge on the Carp River between Negaunee and Marquette and of the first copper mill at Phoenix City in the Copper Country, erection of an observation tower at the Soo Locks, creation of a recreation complex from Whitefish Point to the Les Cheneaux Islands, and marking of "Voyageur" trails in all parts of the Peninsula.

Clara E. Sattem Called By Death

Mrs. Clara Elizabeth Sattem, 73, of 1619 10th Ave. N., died at the home of her Eldred, 823 S. 20th St., at 11:40 a.m. today.

Mrs. Sattem was born Aug. 21, 1891 in Sweden and her husband Knute preceded her in death in 1948.

Funeral arrangements are incomplete with the Anderson Funeral Home in charge.

Powers-Spalding

Birth

A son, Ross Jones, was born to Mr. and Mrs. Sanford Strand of Spalding Sept. 20 at Anderson Memorial Hospital Norway. He weighed 7 pounds and 2 ounces.

Briefly Told

Mose Myers, 59, of 1220 S. 15th St., denied a charge of driving under the influence of intoxicants when arraigned in Escanaba Municipal Court on Monday. His case was continued pending the arrival of a report on a blood test.

Traffic court summons has been issued by Escanaba police to John M. Healy, 519 Minnesota Ave., Gladstone, for speeding.

The Better Hearing and Speech Society will meet at the Chamber of Commerce Building, Escanaba, at 8 p. m. Wednesday. Discussion on hearing problems and a short lip-reading demonstration will follow the business session. The public is invited to attend.

Application for marriage licenses was made by George M. Nadeau, Rte. 1, Gladstone and Colleen I. Shannon, 823 Dakota Ave., Gladstone and David A. Kobasic, 607 S. 13th St. and Margaret E. Carlson, Foster City.

Loon Die-Off Is Widespread

Proportions of the loon die-off in the weekend of Sept. 19 were wider than first indicated, says Joseph Vogt, Escanaba district game biologist of the Conservation Department.

Vogt said that Dr. Dale Fay, game pathologist at the Department's game pathology laboratory at East Lansing had confirmed that at least two of the 18 common loons sent to the lab by Vogt had Type "E" botulism.

Vogt's own checking of the beaches of Lake Michigan in this area revealed 282 dead loons. A lot of them were found at Peninsula Point on the tip of the Stonington Peninsula, he said, and he will check a report that many are dead in East Wilsey Bay on the east side of the Stonington Peninsula.

The same dieoff affected loons in the area east of Manistique. Lloyd Schemenaur, game biologist at Newberry, counted 177 dead loons in 70 miles of low level flying east of Manistique.

Ivan Thomson game biologist for the Menominee district counted 19 loons along two miles of Green Bay shore north of Fox.

Tech School Sale Okayed

A second 30-day option for the sale of the Catherine Bonifas Technical School building at 1601 Ludington St. was approved by the Escanaba Area Public Schools board of education at a special meeting Monday evening.

The option was granted to Don Marvic of Escanaba, the price is \$12,500, and the sale is conditional on the occupancy of the building by the State Highway Department.

Presumably the State Highway Department is to vacate its present rented quarters on the second floor at 701 Ludington St., which it has occupied for more than 25 years.

The option approved last night by a split vote of the school board was the second granted to Marvic. The first was for 30 days and had recently expired. The board had been advised that the Highway Department is considering leaving Escanaba.

The school board acquired the Tech School building through the City of Escanaba on June 17, 1943, for \$12,500. The City Council last week relinquished any interest it might have in the property which was once the office building for a brewing company.

Luther M. Barrett, superintendent of schools, said the location was ideal for an administration office building, but that it could not be adapted for such use by the schools at "reasonable cost." The schools now have no money for such a project and none is in prospect, he said.

School board members voting for the option to sell the property to Marvic were Dr. Vernon K. Johnson, board president, John Anthony, Jack Manning, Dr. William Hemes and Carlton Olsen.

Trustees voting "no" were Mrs. Robert Mosenfelder and Kenneth Buckland.

They opposed the sale, they said, because they were not satisfied that it could not be used for school purposes, and they felt the sale price was too low.

Supt. Barrett pointed out that the board had advertised for bids about 18 months ago, no firm offer for purchase other than Marvic's had ever been received, and he said he thought "it is time to get off the fence" in plans for the property.

Wisconsin Dells Kiwanians Visit Escanaba Club

Six Kiwanis Club members from Wisconsin Dells, Wis., made a five-hour trip to Escanaba Monday to be guests at an Escanaba Kiwanis Club meeting and promote inter-club relations. They brought along a casket which originated with the Dells club and which is passed along from club to club as they send out visiting delegations to other cities.

Failure to move the casket within a specified time limit results in the levying of a contribution for the pet project of the Wisconsin club, care of crippled children, a fund which will be checked in when the box eventually returns to Wisconsin Dells next year. The casket was presented to William Hemes, Escanaba president, and will be in the custody of the local club until it sends out a visiting delegation to a neighboring community.

Entertainment at the meeting Monday was provided by John Mitchell, who presented recording made by an orchestra at Marquette State Prison. A Kiwanis delegation makes regular trips to the prison from October to May for discussions with inmates.

Geese Moving As Hunt Nears

With the goose hunt opening here at sunrise Thursday there are more geese about and in movement than a year ago, when the weather was milder.

Conservation Department Game Biologist Joseph Vogt said there are indications of an early move-out of geese this year, although he says that the main migration of the big birds isn't on yet.

He saw a flock of blue geese and snow geese in a field off U. S. 41 north of Rapid River Monday, resting after bucking a south wind. His office has received "quite a few reports" of geese moving south in the weekend, so he expects that fowling in the Portage Marsh, where some have been landing, may get some goose shooting on Thursday.

It's illegal to shoot Ross geese, but they're rare here, says Vogt. Most hunters will be hoping for a chance at blue, snow or Canada geese.

Shooting of ducks, coots, rails and other waterfowl doesn't start until Thursday, Oct. 8.

Hunting of upland game starts this Thursday.

Escanaba Will Hear Williams

G. Mennen Williams, former governor of Michigan and currently undersecretary of state for African affairs, will tour the Upper Peninsula this week to aid the campaign of Atty. Raymond Clevenger of Sault Ste. Marie, Democratic nominee for congress in the new 11th District.

Mr. and Mrs. Williams and Mr. and Mrs. Clevenger will make a tour arranged by Claude Tobin, Escanaba Democratic leader, and Thomas Jernstad, Marquette sheriff.

The Williamses will fly to Marquette Thursday for the consecration of Episcopal Bishop George Selway and a luncheon and to open Marquette Democratic headquarters at 2:30 p. m. and present the President John F. Kennedy inaugural address to Bishop Baraga High School at 2:45 p. m.

The party leaves for Menominee at 3 for a reception and dinner, visit to the Lloyd Plant Retirees Club and then to Teamsters Hall, Escanaba for a Democratic rally at 8:30 p. m. The party will overnight at the House of Ludington.

In the morning the Williamses will visit the Bishop Noa Home for Senior Citizens at 9:15, make a radio broadcast over WDBC on African affairs at 10:05 a. m. and leave at 11 for Iron Mountain, where a luncheon rally is planned at the Dickinson Hotel at noon.

Visits to the Iron Inn, Iron River at 3 p. m. and St. James Hotel, Ironwood for a dinner rally are planned. The party will leave Ironwood by air Saturday for Detroit.

Schweigert Will Address GOP At Manistique

MANISTIQUE — State Senator Thomas F. Schweigert of Petosky will be in Manistique Wednesday to speak at a meeting at 8 p. m. at the Harbor Inn.

Mrs. Marion Gibson of Newberry, Republican candidate for 107th District representative in the state legislature and Schoolcraft County Republican candidates will also attend.

Arrest 8 On Game Charges

Eight young men were arrested by Conservation Department officers over the weekend and charged with violations of the state game laws.

Four Air Force enlisted men of the K. I. Sawyer Base pleaded guilty to charges resulting from the killing of a fawn doe Saturday when arraigned in Justice Arthur Burkman's court at Gwinn and one was sentenced to five days in jail in addition to the fine.

Charles Nahmens was ordered to jail for five days and must pay \$107.30 and his hunting privileges were revoked for three years. He was owner of a car and a gun used in hunting, and had shot and killed the deer.

Edward P. Soarks, John Staeb and James R. Mack were each ordered to pay fines and costs of \$57.30.

They were arrested by State Police and Conservation Officers Jim Gilhart and Dan Malnar on the McMarland Road in Skandia Township about 10 p. m. Saturday. Officers had stopped the auto for a traffic violation and found the dead deer in the trunk and a .22 rifle in the car.

Officers Hugh Fisher and Albert Konkel arrested four young men on County Road 426 near Cornell at 2 a. m. Sunday on a charge of using a plug-in spotlight and a .22 caliber rifle in an attempt to hunt deer.

Daniel Nelson, 18, James Beauchamp, 18, and Bernard McCormick, 17, all of Route 1, Gladstone, pleaded guilty upon arraignment before Municipal Judge James Fitzharris Monday and each paid a fine of \$25 and court costs of \$7.30.

A fourth member of the party, Harry St. Cyr, 18, of Cornell, arrested at the same time pleaded not guilty and his hearing was set for 4 p. m. Oct. 1.

Conservation officers reported that three juveniles — two 14 years old and one 15 years old — were arrested Friday night for carrying a light and shotgun with buckshot in an attempt to hunt deer in Ford River Township. They were turned over to the Probate Court for prosecution.

Senior Citizens Meet Wednesday

The Senior Citizen Social Club will have a regular meeting Wednesday at 7:30 p. m. at Club 314. The business session will be followed by the usual entertainment. Members may invite guests who are 60 or over and who would like to join the club, either at Wednesday evening's meeting or at a later date.

Social-Club TOPS Meetings

Wee Whittle Wates TOPS Club will meet Wednesday at 7 p. m. at the office of Dr. Karl E. Gray and Wait Watchers Club meets the same evening at 7:30 at the V. F. W. Hall.

Morning Star Lodge

The Morning Star Lodge will meet at the Odd Fellows Hall Thursday at 7:30 p. m. Lunch will be served.

Luncheon Meeting For Hospital Auxiliary

St. Francis Hospital Auxiliary's luncheon meeting will be held at the House of Luthertown Wednesday, Oct. 7, at 12:30 p. m. The event will mark the culmination of the organization's annual drive for new members.

Membership in the Auxiliary is open to any interested woman who desires to participate in the worthy work being carried on. The Auxiliary is an organization dedicated to volunteer service to St. Francis Hospital and it is non-sectarian.

New members are requested to have their registration cards

filled out and signed. Cards also may be procured at the meeting. Dues are payable at that time.

Since the purpose of the luncheon meeting is to honor new members and give them as opportunity to meet the older members, it is not a profit making affair and is restricted to members only.

The luncheon will be followed by a brief meeting and cards. Players may make up their own tables and play the game of their choice. Members are asked to furnish their own cards and prizes, if desired.

Reservations are to be made by Friday noon with Mrs. Charles J. Byrns, telephone ST6-6342, or Mrs. Kryn Bloom, ST6-7077.

Members of the board of directors will hold a meeting at noon the day of the luncheon.

Isabella Circle Social Meeting Held Monday

A most successful affair was the social held at the Teamsters Hall last night for members of the Daughters of Isabella Trinity Circle 362 and their guests, with 132 in attendance.

Dessert was served at 8 followed by cards of the players choice, with prize awards for each table. Guest awards went to Mary Kenoe, Ruth Ford and Rose Nelson.

Members present, whose birthdays occurred during the month of September were presented with individual cupcakes topped with a lighted candle. Those recognized were Rose Priester, Lillian Armstrong, Mary Constantineau, Anna Dugener, Marie DeGrand and Mrs. Paul Hebert.

Mrs. Louis Dufour was chairman of the social, assisted by an efficient committee. The next business meeting will be held Oct. 12, with Mrs. Joseph Feller, chairman.

Dick Berlinski turned in another sensational performance as the Kingsford Flivvers defeated Menominee 39-20 on a slippery field Saturday night. . . . Although again playing only in the first half, except for kicking duties, Berlinski picked up 270 yards in 13 carries and scored four touchdowns on runs of 41, 12, 71 and 65 yards. . . . He booted three extra points to bring his four game scoring total to 88, an average of 22 per game.

Preble, future foe for both Escanaba and Holy Name this fall, suffered its first defeat after two victories, bowing 19-13 to Madison Edgewood. . . . Madison used the long bomb effectively scoring on touchdown passes of 41, 31 and 34 yards. . . . Preble also scored its touchdowns through the air.

The Houghton Gremlins made it three victories in four starts by defeating arch rival Hancock 20-0 in the 12th annual Copper Bowl game. . . . Halfback Bob Campbell, a speedy junior, scored two touchdowns on runs of 16 and 36 yards and John Juntikka plunged two yards for the third.

L'Anse preserved its undefeated record by the skin of its teeth over the weekend. . . . The Hornets scored a touchdown on a short plunge by Mike Nordstrom, capping a 65 yard drive, with one minute and five seconds remaining in the game to nip Calumet 18-13. . . . It was the fourth straight victory for L'Anse and the fourth straight setback for Calumet.

When Ontonagon and Barage met in the first game of the season this fall, the Polar Bears scored a narrow 13-12 decision over the Vikings. . . . The schools met in a rematch Saturday and this time Ontonagon scored a resounding 35-2 triumph with four different back tallying touchdowns.

Coach Gene Melchiori's Norway Knights notched their first grid victory of the season by tripping Crystal Falls 14-0 behind an impressive running performance by Bruce Mattson. . . . He rambled for 166 yards in 19 carries and scored a touchdown on a 76 yard gallop in the first frame. . . . Crystal Falls has lost four straight this fall.

Halfback Jim Lindstrom, a four year veteran, sparked Iron Mountain to the 21-6 verdict over Stambaugh that knocked the Hilltoppers from the undefeated list in Upper Peninsula grid circles. . . . Lindstrom ran the opening kickoff 90 yards for a touchdown to start the Mountaineers on their way. . . . Both teams now own 3-1 records.

The Ironwood Red Devils, who had last their first three starts, upset previously undefeated Hurley 13-0 in a Michigan-Wisconsin Conference highlight over the weekend. . . . Halfback Frank Verboos scored both Ironwood touchdowns and kicked an extra point to snap Hurley's three game win string.

Manistique Rated Fourth In State Class B Ranks

By The Associated Press

Three new teams headed their classes in this week's Associated Press high school football poll which featured a lot of juggling but few new teams among the elite.

Battle Creek Central moved ahead of Bay City Central in Class A, Hillsdale took over in Class B and St. Charles replaced Akron-Fairgrove in Class C-D.

The AP's statewide panel of sports writers and sportscasters promoted Flint Northern two notches, placing it third while retaining East Lansing in the No. 4 spot in Class A.

Flint Central moved into seventh place, replacing Grosse Pointe in the top ten.

Hillsdale, like Battle Creek Central the No. 2 team last week, took a commanding lead in Class B over second-place Cadillac which moved up six places.

Lowell took over third, Manistique jumped from tenth to fourth, Tecumseh, last week's leader, dropped to tenth place after losing.

St. Charles held a slight edge over New Haven in Class C-D as the voting again was divided among many schools.

Adrian Catholic moved into third place ahead of Akron-Fairgrove, No. 1 team last week.

Galesburg-Augusta (No. 8) and Clinton (No. 10) were the new teams in this class, replacing Benton Harbor St. John and Stambaugh.

Birmingham Seaholm was another new member of the top ten in Class A as it tied Lincoln Park for the final spot.

The voting, with points based

on 10 for a first-place vote, 9 for a second, etc., through 1 point for a 10th-place vote:

Packers Trip Lions, 14-10

DETROIT (AP) — Rival

coaches George Wilson and Vince Lombardi both agreed on one thing — Green Bay played a little too conservatively in the second half in the Packers' 14-10 victory over the Detroit Lions Monday night.

"We should have scored more," Lombardi said. "Sure, we missed a scoring chance when Ron Kramer missed a pass on their five. And Paul Hornung missed two field goals in the first half."

"But we still should have gone out and tried to add to our total."

Wilson, who saw his team stage an 80-yard drive for its only touchdown with less than four minutes remaining, said: "You can't play it cozy in this game. You've got to keep pounding away at the other team like Baltimore did (in beating Chicago 52-0 Sunday). You can't change your offensive plan because you think you've got a safe lead."

While Lombardi was obviously pleased by the victory "in one of the best defensive battles of the season," he wasn't talk-

ing too much about the injury to quarterback Bart Starr.

"He aggravated an old shoulder separation," Lombardi explained. "But it's his left shoulder. That's not so bad."

Though he did not use his left arm and winced when given a shot to kill the pain, Starr said he "didn't want to talk about" the injury.

"It's fine," he told reporters.

The Packers got all of their points in the second quarter as Hornung scored on a two-yard dive play to cap a 47-yard drive and Starr himself ended a 58-yard drive with a five-yard touchdown run with 27 seconds remaining.

Wayne Walker's 45-yard field goal following Hornung's touchdown was all the record crowd of 59,203 had to shout about until the Lions' late drive.

Earl Morrall spearheaded the scoring drive and combined with Pat Studstill for the 15-yard touchdown pass.

Aussies Regain Top Net Honors

CLEVELAND (AP) — The Davis Cup is headed back across the Pacific to Australia, and the United States is faced with an old, familiar question. How and when can we get the tennis trophy back?

The answer is obvious: Maybe not for years.

In the last 15 years the United States has won the silver cup three times — 1954, 1958 and 1963 — and each time failed to defend it successfully.

The pattern was repeated here Monday.

Roy Emerson, the Australian who has continued to spurn the pros, delivered the clinching blow when he turned back Chuck McKinley of San Antonio, Tex., in the fifth and final match 3-6, 6-2, 6-4, 6-4.

This gave the Australians a 3-2 victory, but their superiority in world amateur tennis seems more pronounced than that.

In Emerson they have the undisputed No. 1 amateur in the world. He is the holder of the Australian, Wimbledon and United States championships, and winner of his last 48 singles matches of any description.

McKinley was victim No. 48. Fred Stolle, Emerson's teammate, has a good claim to being

either No. 2 or close to it. Run-ner-up at Wimbledon and Forest Hills to Emerson, he beat Dennis Ralston of Bakersfield, Calif., in a key singles match here but lost to McKinley on opening day.

McKinley and Ralston may not be available next year to try to win back the cup.

"I have several business opportunities and I doubt that I can get away," said McKinley.

Ralston said he would be back — with an improved game — but friends say he is seriously considering turning pro, perhaps before next summer.

The United States has nobody in its tennis "bull pen" able to threaten seriously Australia's hold on the cup.

Best prospects are Arthur Ashe, the 22-year-old Negro from Richmond, Va., and Los Angeles; Marty Riessen, son of the tennis pro at Northwestern University; Frank Froehling of Coral Gables, Fla., with one of the hardest services in the game but no standout victories; Clark Graebner of Cleveland, and Charlie Pasarell of Puerto Rico.

The Australians and Americans now have won the cup 19 times each. Twelve of the last 15 have gone to Australia.

Eskymos Win Distance Run

Coach Henry Wylie's Escanaba cross country team took top honors in a run against Norway and Perkins here Saturday, winning with 16 points to 60 apiece for the other two teams.

Gary Vandeville of Escanaba was the individual winner in 9 minutes and 53 seconds for the mile and three-quarters course. Eskymos Ray Anderson, Rodney Beauchamp and Tom Duchaine followed Vandeville across the finish line and Bob Swenson was sixth.

Cards Hand Philadelphia Eighth Straight Setback

By The Associated Press

Dick Sisler, Johnny Keane, Gene Mauch.

Three managers. One thought: Win them all.

"Five more victories and we're the National League champions," said Sisler of the first-place Cincinnati Reds.

"Five games left to play — if we lose one, we're in trouble," said Keane of the second-place St. Louis Cardinals.

"We still have four games left — I think it'd be a pretty good idea if we won them all," said Mauch of the third-place Philadelphia Phillies.

Mauch, however, had to add: "We've one four in a row a lot more than we've lost eight straight."

No. 8 came Monday night at the hands of the Cardinals, who rode the hitting of Ken Boyer and Bill White to a 5-1 victory in the opener of a key three-game series and exchanged places with the floundering Phillies.

That pulled the Cardinals to within one game of the Reds, who were not scheduled, and dropped the Phillies into third place for the first time since May 5, 1½ games behind the leaders in the tight struggle.

The chase resumes tonight with the Reds opening a three-game series at home against Pittsburgh. Cincinnati will send

rookie Bill McCool, 6-3, after its 10th straight victory, against the Pirates' veteran hurler, Bob Friend, 12-18.

The Phillies and Cardinals, who now have reeled off six straight victories, resume with Ray Sadecki, 19-10, expected to start for St. Louis. Dennis Bennett, 12-13, has been tapped to halt the Phillies' amazing nose-dive.

Only one other game was played in the majors Monday, the Los Angeles Dodgers edging the Chicago Cubs 2-1.

But the spotlight was at St. Louis, where Keane remained cautious, refusing even to mention the word pennant.

Keane, of course, has been here before. Last year, on Sept. 15, the Cardinals closed to within one game of the Los Angeles Dodgers. That's as close as they came.

What happened against the Phillies was that Boyer slapped two key doubles and White collected three singles.

The Phillies started Chris Short, who had beaten the Cardinals three times without a loss and had allowed them only two runs in six previous appearances. But he proved no puzzle this time.

He was touched for a run in the second inning when singles by White and Julian Javier plus

a sacrifice fly by Mike Shannon, put the Cardinals ahead 1-0. And he was touched for a run in the fourth on a double by Boyer. White's single and Javier's grounder.

Short, 17-9, then was driven from the mound in the sixth when Boyer again doubled and White again singled for another run.

Shannon's two-run single in the eighth inning wrapped up the scoring against reliever Ed Roebuck.

At Los Angeles, the Dodgers broke a 1-1 tie in the ninth on singles by Bart Shirley and pinch hitter Dick Tracowski around a sacrifice. That gave Howie Reed the victory and tagged Dick Ellsworth with the loss.

Iowa Halfback Paces Big Ten

CHICAGO (AP)—Dalton Kimbel, a sophomore halfback at Iowa, has taken the early all-games football scoring lead in the Big Ten.

Kimbel scored three touchdowns against Idaho for a total of 18 points. He has a one point lead over Purdue sophomore Bob Griese who has 17 points with two touchdowns, a field goal and two conversions for 17 points.

Land Granted By Commission

The Gladstone City Commission authorized the State Highway Department to borrow sand for fill and the additional land needed for M-35 improvements in regular session Monday night in City Hall.

The improvements will include a four lane road to the approach of the north hill, three lanes up the hill and widening the curves at the foot and top of the hill.

The fill will be taken from land the city acquired for such a purpose from the Conservation Department, located near the C & NW Railway track near Chaison.

The commission also authorized City Manager H. J. Hendrickson to appoint two election boards for the general election in November. The second board will relieve the daytime board in the evening. Two experienced chairmen will be appointed to serve during the evening to help eliminate errors in counting.

Martin Rose, city disposal plant employee, was authorized by the commission to attend a sewerage school in Ironwood Oct. 22-23.

Commissioner Frank Stupak asked Hendrickson to investigate the possibility of resurfacing and curbing Delta Ave., in an effort to improve the appearance of the city's main street. Hendrickson will report his findings at the next meeting.

Smear

The Masonic Smear tournament will resume play Wednesday at 7:30 p. m. with the following schedule: Alton and G. Buchmiller, Bizeau and Wedar, M. Buchmiller and Sutter, Caldwell and Schneese, Green and Olson, Jones and Mackenzie. Alton team will be on the lunch committee.

Initiation Today

Minneapolis Chapter 96, Order of the Eastern Star, will hold initiation at the Masonic Temple at 8 p. m. today. Refreshments will be served in the dining room at the close of the ceremony. The regular meeting with election of officers will be held Tuesday, Oct. 6 at 8 p. m.

A car was considerably damaged at 4:15 p. m. Monday when it went off the right side of the road and struck a tree. The driver, George Paul, 41, of Ensign was not injured.

According to State Police, Paul was driving northwest on County Road 499 in Nahma Township when he lost control of the car.

Paul was ticketed for violation of the basic speed law, too fast for conditions, no operator's license and no registration plates on vehicle.

Gladstone Lodge Has Anniversary

Gladstone Lodge 396, F&AM, observed their 75th anniversary with a large attendance of 175 lodges from Ishpeming, Negaunee, Manistique and Escanaba and Iron Mountain were represented. The speaker for the evening was Milo Underhill, Marquette, whose topic was "The Square."

Fred Fisher of Escanaba presided as toastmaster. Andrew Stevens of the Grand Lodge of Michigan also was present and gave a few remarks. Dwight Cochran, master of the Gladstone lodge, gave a summary of the lodge's activities of past years, and recalled the names of the officers at the 25th and 50th anniversary of the lodge.

Three of the oldest members (in age) of the lodge were present at the banquet. William Marble, Emanuel Swenson, and Herman Kinnie. One member, Ray J. Hammel who is a 60 year member of the lodge was unable to attend because of illness. Also present were three brothers who served as masters of the lodge, Alvin C. Bjorklund who was master in 1935, Harold W. Bjorklund who served in 1943 and Arthur C. Bjorklund who was master in 1953. He also served as secretary for a number of years.

The banquet served by the ladies of the Eastern Star assisted by the girls from Jobs Daughters and the boys from the Demolay.

Rev. Thorpe Talks To Rotary Club

The Rev. Gordon Thorpe, pastor of Emmanuel Lutheran Church, Escanaba, was the speaker at the regular meeting of the Gladstone Rotary Club Monday. Dr. Carl Olson was program chairman for the day and introduced the speaker.

Pastor Thorpe stressed the importance of every child having three parents, a mother, who is a father, a father who is a father and their Heavenly Father. Pastor Thorpe's talk was very well received by the membership.

Guests of the club included the Rev. Otto Steen, John Lemmer, Arthur Moberg, Warren Morrison and Warren Johnston.

Book Memorial Presented For Mrs. Babladelis

A set of seven books has been presented to the Manistique School and Public Library as a memorial to the late Mrs. Peter Babladelis. The presentation was by Tell Babson of Palo Alto, Calif. They are The Greek Historians, Dialogues of Plato, Basic Works of Aristotle and The Complete Greek Drama. The books are ready for circulation.

Rotary Has Grid Program

A program on the Manistique High School football team was presented for Rotary Monday by Coach Richard Bonifas. The program was arranged by Ted Hentschell.

The coach discussed playing abilities of the gridgers and patterns used in games, and showed a film made of the Munising game.

Thus far the Emeralds have allowed opponents only six points, he noted. The Emeralds will face stiff competition against Petoskey in the homecoming game this week, he said.
